

## KIDS RECYCLING TIPS

- Turn off the water while you brush your teeth.
- Take a shorter shower.
- Recycle your plastic shopping bags.
- Take reusable bags with you when you go shopping.
- Recycle everything you can.
- Take your lunch in a reusable bag.
- Use both sides of scrap paper for notes.
- Use rechargeable batteries.
- Plant trees.
- Turn off the lights and TV when you leave the room.
- Only leave your computer on when it's in use.
- Don't litter!

## SCHOOL RECYCLING PROGRAM

REDUCE, REUSE, RECYCLE  
COMMUNITY COLLABORATION

Printed on 100% post-consumer recycled paper.

Respecting the environment.  
Doing our part to protect it.

# DO YOUR PART TO TAKE CARE OF TEXAS.

**Start Today! Are you interested in earning money for your school and helping the environment?** Your school can sign up to collect H-E-B plastic shopping bags and earn money for every pound you accumulate. The bags you collect are then turned into trash bags, which can be purchased at H-E-B. It's simple and helps your school and the environment as well. Now that makes good sense!

**Find out more about the program and how you can participate.** Here's how the program works...The H-E-B recycling program not only provides schools with an opportunity to earn money, but also encourages and educates children about the importance of recycling.

1. Schools enrolled in the recycling program receive up to \$1.00 per pound for collecting used H-E-B shopping bags. Schools must register to participate by calling Enviro-Bag® at:

**Toll Free: 1-800-866-3954**

**Monday thru Friday**

**8 a.m. to 4 p.m. (Central Time)**

2. Enviro-Bag® will provide the school with special recycling liners and instructions for properly packing the used plastic shopping bags.
3. For every pound of clean and properly packed used plastic shopping bags a school returns for recycling, the school will receive up to \$1.00.
4. The reprocessed recycled bags are used to produce new Enviro-Bag® trash and tall kitchen garbage bags. These bags are sold at most stores. Please contact your local H-E-B store to check on availability.

## HOW TO PREPARE YOUR PLASTIC BAGS FOR RECYCLING...

1. Save the plastic shopping bags from your shopping trips to H-E-B.
2. When you have saved about 50 bags, roll them from the bottom up to the handles, then tie them up with separate bags on each end.
3. Now take your bags to school where they will be shipped to Enviro-Bag® and manufactured into trash bags you can use in your own home!
